Ritter 203-002 Treatment Table

Ritter 203-003 Treatment Table  
with stirrups and optional armboard

When it comes to your patients, you need a table you can count on. Like the economical 203...the most solid, flat-top table available because both its legs and frame are constructed of steel.

Its metal-on-metal construction not only gives the 203 greater stability and structural integrity, but also gives you peace of mind knowing your patients are well supported. Stirrups and lockable casters can be added. And eye-catching, rounded drawers are another option... especially if your needs require additional storage.

Have we mentioned how comfortable the 203 is? Extra padding and a built-in headrest pillow leave patients relaxed and secure. And it's stylish, too. The Pebble Grey base is complemented by any of the seven Ritter upholstery colors.

#### Features

Paper roll holder (hidden), hold-down straps at head and foot end to keep paper in place

Ritter 95 Treatment Table
