

AMG MedPro®

The Professional Choice

NEW

Lubricating Gel

Introducing a new lubricating jelly from the brand trusted by medical professionals : MedPro Lubricating Gel.

Ideal for both medical procedures and personal use, MedPro Lubricating Gel is a quality lubricant that is:

Sterile

- Product is sterile until seal is opened, so as to ensure product safety for medical use.

Water Soluble

- Washes off of skin quickly and easily.

Non Greasy

- Will not stain furniture, clothes or equipment.

Unscented

- For patient or personal sensory comfort.

Made of ingredients recognized as safe to use on skin:

Glycerin, water, carbomer, polycarbophil, sorbic acid, methyl paraben, propyl paraben, sodium hydroxide (to adjust pH).
