Euro Commode

Caring for your Safety & Well-Being

Versatility

The AMG Euro Commode is available with several options to address various preferences.

Ease of Use

Drop down arms make it easy to transfer patients onto and off the commode.

Safety

Our swivel castors allow the chair to roll smoothly, while their locking mechanism, when activated, firmly holds the chair in place.

Discretion

The padded seat cover conceals the opening of the commode and comfortably seats patients during transfers.

Comfort

The AMG Euro Commode provides padded armrests, a firm backrest and seat cushioning, as well as removable, swing-away footrests. Each of these features enhances user comfort.

NEW!

AMG Euro Commode Bedpan Holder

Now you have the option of using the Euro Commode with a contour bedpan instead of its standard pail. Developed specifically for the Euro Commode, this bedpan holder snaps onto the frame in one quick step!

- Made of quality stainless steel
- Coated ends to increase grip
- Unique design reduces chance of splashing occurring during bedpan removal
- Bedpan slips easily onto holder
- Easy to clean
- Rust-proof
