

## Avant Gauze® Non-Woven Sponges

Rayon/Polyester Blend

Avant Gauze® is Medline's standard non-woven dressing. Compared to traditional cotton gauze, Avant Gauze® produces less lint and is less traumatic to fragile granulating wound tissue because it's virtually non-adherent. It also has significantly faster wicking ability which promotes a healthy healing environment. Discover the perfect balance between strength and absorbency in this rayon/polyester blend gauze. **Latex-Free.**

Item#	Description	Quantity

## Avant Gauze® Drain Sponges Special fenestration for easy application

This sponge features a unique fenestration which allows it to lay flat when wrapped around a drainage tube. Without it, the sponge will pucker, decreasing effectiveness by allowing fluids to pool around the drain tube. It's a simple feature that most other drain sponges do not offer. Includes all the benefits of non-woven Avant Gauze®. Each 6-ply rayon/polyester sponge is highly absorbent, low-linting and fast wicking to wound beds. **Latex-Free.**

Item#	Description	Quantity
<b>Avant Gauze® Drain Sponges, Sterile 2's</b>		
NON256000	4" x 4", 6-ply (10.16 x 10.16 cm)	25 pk/bx, 300 pk/cs, 12 bx/cs
